# Maps-Of-Africa

Student!

9/5/2020

#Load the needed libraries and create the maps targeting a specific location in Africa.

#Adding Markers targeting a specific location on the generic map

```r
library(leaflet)
Addis_Ababa <- A_A_map %>%
addMarkers(lat = 8.9806 , lng = 38.7578, popup = "Addis_Ababa")
Addis_Ababa
```
